- Cost:** Chapter Members \$50 / Society Members & Guests \$60 / Students \$10
- Schedule:** 5:30 pm Registration & Social Hour  
6:30 pm Dinner  
7:15 pm Presentations

ASHRAE BC is pleased to welcome Tim McGinn, an ASHRAE Distinguished Lecturer. Tim McGinn, a partner with DIALOG in Calgary, holds mechanical and electrical engineering degrees from the University of Saskatchewan and has over 25 years experience as a consulting engineer. His passion is specialization in designing low impact/low energy mechanical and electrical systems for green buildings.

By way of select case study of Low Carbon/Low Energy from Europe, technologies, approaches and mechanical systems are reviewed and discussed and related to the North American context. The talk uses a Frankfurt commercial speculative office building to highlight an integrated building services strategy that uses simple, cost effective low energy strategies to deliver excellent indoor environmental quality with low operating costs.
