Schedule: 5:15 pm Tour Start
6:00 pm Tour Finish

ASHRAE members have been invited to tour the new 215,000 square foot warehouse facilities at SYSCO in the Western Communities. Sysco Victoria is the winner of the 2009 Power Smart Excellence Award for Innovation in Sustainable Building Design.

The leading edge refrigeration systems, enhanced building and roof insulation, lighting innovations with natural lighting and sensor and under floor heating system all contribute to reducing the energy footprint by 58% compared to a standard design.

We will be able to tour the main office area, part of the warehouse, the computer control system, the compressor room, wet and dry sprinkler control room, BAC evaporative condenser, the evaporator penthouse and energy saving roofing system. Be prepared for walking and indoor and outdoor conditions. There is also a state of the art robotic stocking system that accesses 6000 locations for stock coming in and order preparation. Late comers may not be able to get signed in so please

We ask that you RSVP by email to Kyle Hasenkox at kyle@hwt.ca

Notes: Please forward this invitation to anyone you think would be interested in attending.
If you would like to be removed from this mailing list please reply to this email with **remove me** in the title block.

ASHRAE VANCOUVER ISLAND CHAPTER #145

Upcoming Events:

50/25/25 DRAW-We are continuing with our 50/25/25 draw which went off really well in our September meeting. We will be continuing this on for the rest of the season. Tickets are \$2 each or 3 for \$5. 25% goes to the winner, 25% goes to a cumulative draw which will be awarded at our last dinner of the season and 50% goes into the research fund for our chapter.

ASHRAE #145 has added a Student Sponsorship Program. We ask members to sponsor students and cover the cost of the dinner, at the regular student rate. This program is to give students the opportunity to meet and get involved with our industry. Members will gain the opportunity to speak with the students at the dinner and assist them in the development of their careers. The sponsored spots will need to be paid in advance and will be given out in a first RSVP'd; first seated order. So please contact us in advance as positions will be limited. Sponsors will be mentioned in our distributions to be recognized for their support. If you or your firm would be interested in sponsoring a position for students please contact me.

Currently we have received student sponsor positions from **ADVICAS, HSL Automation, HWT, UVic** and **HVAC Solutions**. We have **1 remaining** for this month's dinner and they will be awarded on a first come, first served basis so Students please let us know if you are planning to attend.
